## **Corps of Engineers seeks public comment on draft White Flint Park plan at Belton Lake**

The U.S. Army Corps of Engineers announced today the release of a draft development plan for White Flint Park at Belton Lake. The draft plan was formulated by an interdisciplinary planning team as part of a long-term effort to plan and construct improvements to the recreational facilities at the lake.

The plan is available for review at the Little River Project Office at Belton Lake and the Stillhouse Hollow Lake Office. A copy of the plan is also posted on the Belton Lake Homepage at <http://www1.swf-wc.usace.army.mil/belton/>.

In a previous news release issued on Nov. 20, 2001, the team solicited public comments and recommendations for present and future recreational uses and facilities at the park. Several responses were received. The planning team considered the preferences and concerns voiced in the responses in drafting the development plan.

At this time, the planning team is seeking public comment on the draft plan. Comments should be sent to the following address by Friday, Feb. 15, 2002:

U.S. Army Corps of Engineers  
Belton/Stillhouse Hollow Lake Office  
ATTN: Mr. Murray McCarley  
3740 FM 1670  
Belton, Texas 76513-9503
